This sustainable farmette is perfect for vegetable gardens, animals and offers peaceful, easy living.

This farm comprises two barns, two run-in sheds, a chicken coop, a workshop, garden spot, green-house, and metal carport. A whole house generator provides backup electricity if ever needed.

and a large laundry sink.

This home has two sets of washers and dryers. There is a main floor W/D with a mini washer underneath for delicate or minimal loads, and the walkout basement has a new washer and dryer.

The primary suite is generous in space and looks out over the pasture.

There is a gas fireplace in the living room, heated floors in the hall bath.

and land. It is the perfect spot for morning coffee.

The kitchen with granite counters and lots of cabinetry is open to the dining room leading to the deck. Partially screened, the back deck is off the dining room and has beautiful views of the pond.

views. Freshly painted and remodeled, the home is move-in ready and offers one-level living.
